If you (and/or your dependents) have Medicare or you will become eligible for Medicare in the next 12 months, a Federal law gives you more choices about your prescription drug coverage.
Please see page 55 for more details.

This is a brief summary of the benefits available under Cuesta College's plans. In the event of a discrepancy between this summary and the Plan Document, the Plan Document will prevail.

Introduction

Our Commitment

Our greatest asset, and the key to our success, is our employees. You make the difference for the people we care for and the community we serve. That's why we've designed a benefits program to make a difference for you and your family.

Health insurance is one of the most critical benefits offered by San Luis Obispo County Community College District. A major illness or injury could be financially devastating without adequate insurance. Even the cost of treatment of minor conditions can be prohibitive. With this in mind, our benefit program is designed exclusively to meet the health care needs of you and your family.

Depending on where you live, your personal preference regarding physician choice and type of health care environment you prefer, you may choose the plan that is most suitable for you and your family members.

The benefit choices you make when you and your dependent(s) enroll will remain in place unless you experience a change in family status (e.g., marriage, divorce, or legal separation, birth, adoption, death or

spousal change). If you need to change your coverage before the next enrollment period due to one of these occurrences, you must contact the Human Resources Office within 30 days of your family status change.

You can make any changes during the annual Open Enrollment period that occurs in Fall.

During this Open Enrollment period, if you are a benefit eligible employee, you may enroll or change your medical, dental and/or vision plans, as well as add any eligible dependents not previously enrolled under your coverage.

Your dependents are defined as:

- Your spouse (the person who you are legally married to under state law, including a same-sex spouse)
- Your registered domestic partner
- Your child, a child of your spouse or domestic partner, up to age 26; **or**
- Your legally adopted/foster child to age 26.

MCSIG & Rx Plan Benefits (continued)

Accredo Exclusive Specialty Program; If you use a specialty medication to treat a condition such as cancer, multiple sclerosis, or rheumatoid arthritis, you will need to begin using the Accredo specialty pharmacy after your 1st fill at a retail pharmacy. On the 2nd attempt to fill at a retail pharmacy your copay will be 100%. To avoid paying high cost, please call 1-800-803-2523 to get a new prescription through Accredo. Accredo offers a concierge service for Express Scripts patients including direct outreach to your doctor to collect your prescription, and phone access to nurses and pharmacists.

Step Therapy; For some of the more common conditions there are many drug choices available. The Express Scripts Step Therapy Program encourages cost-effective choices through a letter-based Prior Authorization process. First-line drugs are automatically allowed and include generic or preferred brand-name. Second-line products would include higher cost products, or non-preferred brand name medicine. If you attempt to purchase a second-line drug first, the purchase will be denied with a message to try a first-line alternative. Express Scripts will immediately send you a letter that outlines choices you can discuss with your doctor. *(In order to start a second line drug first, your physician would need to establish a medical necessity for that product and secure Prior Authorization through Express Scripts.)*

Prior Authorization; Prior Authorization is a program that helps you get the prescription drugs you need *with safety, savings and – most importantly – your good health in mind.* It helps you get the most from your healthcare dollars with *prescription drugs that work well for you and that are covered by your pharmacy benefit.* It also helps control the rising cost of prescription drugs for everyone in your plan. The program monitors certain prescription drugs to ensure that you are getting the appropriate drugs for your disease state. It works much like healthcare plans that approve certain medical procedures before they're done, to make sure you're getting tests you need: If you're prescribed a certain medication, that drug may need a "prior authorization." *It makes sure you're getting a cost-effective drug that works for you.* For instance, prior authorization ensures that covered drugs are used for treating medical problems rather than for other purposes.

Prior authorization will be required for certain medications. If you have questions on a particular drug, please contact Customer Service or visit express-scripts.com to perform a coverage check. Please have your doctor call Express Scripts at 1-800-753-2851 to go through a clinical review of your medication, if it is subject to prior authorization.

Most prescription medications are covered by your plan. Excluded products are noted below.

Answers to important questions

Are Employee Assistance Program services confidential?

Yes. Any personal information provided to LifeWorks stays completely confidential.*

How do I get help?

Getting professional help is just a phone call away. Simply call 1-888-319-7819 to speak with a counselor or to schedule an in person, phone or video conference appointment. These services are available 24 hours a day, 7 days a week.

When is the right time to call?

That's up to you. Counselors are here whenever you need them —whether you simply need to talk or want guidance on something you are going through.

Is my Employee Assistance Program included with my MetLife coverage?

Yes. There is no cost to you because your employer pays for the services provided within our program. While we offer a broad range of services, there may be some assistance that's not included. You can still work with counselors for these services by arranging to pay for them directly.

Does the program have any limitations?

While we offer a broad range of services, we may not cover all services you may need. Your Employee Assistance Program does not provide:

- Inpatient or outpatient treatment for any medically treated illness
- Prescription drugs
- Treatment or services for intellectual disability or autism
- Counseling services beyond the number of sessions covered or requiring longer term intervention
- Services by counselors who are not LifeWorks providers
- Counseling required by law or a court, or paid for by Workers' Compensation

When you need some support, we're here to help.

Dental

When it comes to choosing a dental plan, you want benefits that fit the needs of you and your family. Delta PPO offers comprehensive dental coverage, quality care, and excellent customer service.

Delta Dental

Delta Dental, our preferred provider organization (PPO) plan, provides access to the largest PPO dentist network in the U.S. Delta Dental dentists agree to accept reduced fees for covered procedures when treating PPO patients. This means your out-of-pocket costs are usually lower when you visit a PPO dentist than when you visit a non-Delta Dental dentist, but you have the freedom to visit any licensed dentist, anywhere in the world.

San Luis Obispo County Community College District offers four comprehensive dental plans for eligible employees through Delta Dental. There is a two-year enrollment commitment; you will not be allowed to cancel coverage until you have been on the plan for two years. If you do cancel your coverage, you will not be allowed to re-enroll for two years.

Plan Ahead with the Cost Estimator

Get an estimate of dental costs in your area

Planning on a major procedure? Don't get surprised by the bill! Receive a cost estimate beforehand to know what to expect.

Advantages

- **Local.** Enter your ZIP code to receive an estimate based on prices in your area.
- **Comprehensive.** Whether you need braces or dentures, the Cost Estimator has you covered. Choose from nearly 60 common procedures.
- **Based on real data.** Estimates are calculated from Delta Dental dentists' actual fees.

Look up these services and more!

- anesthesia • bleaching • braces • cleaning • crown • denture • exam • extraction • filling • fluoride • gum graft • implant • root canal • scaling and root planing • sealant • veneers • wisdom tooth removal • x-rays

What does my estimate mean?

Your estimate shows the average dentist fee in your area. You can use this amount to figure out your share based on your plan's benefits.

1.	You get an estimate for crowns in your area. That's how much your dentist may charge, but it doesn't mean you'll have to pay the whole amount!	\$1,240 to \$1,438
2.	You check your benefits and see that crowns are covered at 60%. Since you plan on visiting an in-network dentist, you can count on paying no more than the remaining 40% of the bill. ¹	x 40%
3.	You multiply the estimate by 40%. That leaves your expected bill between \$496 and \$575.20.	\$496 to \$575.20

¹ Your share may be higher if you have reached any applicable maximums or have not met your deductible.

American Fidelity (continued)

Cuesta College

Dear Cuesta College employee:

Out of all the items on your to-do list, enrolling in your employer's benefits program likely isn't at the top. But it's more significant than you may think, as protecting yourself and your family is vitally important.

That's where we come in. American Fidelity provides financial solutions to employees just like you, and we offer benefits tailored for your specific needs.

Your benefit program includes a Section 125 Plan, which not only allows you to pre-tax premiums for qualified benefits, it also allows you to enjoy a tax-saving way to pay for eligible medical or dependent day care expenses with a reimbursement account that deducts pre-tax dollars from your paycheck. Simply choose the amount to be deducted, and the funds are set aside to be used for eligible expenses throughout the year. You can choose from several types of plans.

You only have one chance each year to get educated on all available benefit options and choose the ones that best meet your needs. And because benefits can be confusing, we're here to help you every step of the way. We'll walk you through all available options, answer any questions you may have, and help you build a package that's perfect for you.

An interest form is attached for you to complete and return, and a representative will touch base with you soon to discuss your available options.

Sincerely,

American Fidelity Assurance Company

Flexible Spending Accounts

Plan Today for Tomorrow's Costs.

With medical costs continuing to rise, tools to help manage out-of-pocket medical expenses can be a popular choice.

One option is a Healthcare Flexible Spending Account (HCFSAs). Healthcare FSAs allow you to set aside money tax-free for eligible medical costs, such as doctor visits, prescription drugs, prescription contact lenses, and dental procedures. Additionally, your entire election amount is available to you at the beginning of your plan year.

Here's How It Works

Flexible Spending Accounts

Internal Revenue Code (IRC) Requirements

IRC guidelines are strict where tax breaks are made available. As your plan provider, we are required to follow IRC rules.

! **First, the money you set aside operates under a “use or lose” system.** That means you’ll want to use all of your funds prior to the next plan year or you will lose whatever amount is left.

Ask if your employer’s plan includes a Runoff Period and Carryover Provision or Grace Period.

- **Runoff Period**
A period typically up to 90 days after the plan year ends when you can submit claims that you incurred during the previous plan year, but have not been submitted for reimbursement.
- **Carryover Provision**
This provision allows you to carry over up to \$550 of unused contributions from one plan year to the next.
- **Grace Period**
An additional two and a half months following the end of the plan year in which you can incur claims and receive reimbursement.

! **Second, the IRC requires proof for eligible expenses.** For expenses that aren’t validated at the time of debit card swipe, an itemized receipt or Explanation of Benefits (EOB) must be submitted to prove eligibility of the expense. Submitting documentation through AFmobile® or online is the fastest way to validate a claim.

Using your Benefits Debit Card

A Benefits Debit Card allows you to pay for eligible medical expenses using the funds in your Healthcare FSA. The card may be used at locations who accept Mastercard® and have been identified as an authorized medical merchant.

To verify transactions, submit an EOB or itemized receipt after your transaction or if you receive a documentation request letter.

Important Notices

No Surprises Act Notice

Our medical plans are subject to the No Surprises Act, which limits the amount covered persons may have to pay for some out-of-network surprise medical bills. More information about surprise billing requirements included under the No Surprises Act and similar state laws can be found on the medical insurance company's website or the Plan Sponsor's website. Additional information may be found in your Explanation of Benefits for any affected claims.

Newborns' and Mothers' Health Protection Act (NMHPA)

Benefits for pregnancy hospital stay (for delivery) for a mother and her newborn may not be restricted to less than 48 hours following a vaginal delivery or 96 hours following a cesarean section. Also, any utilization review requirements for inpatient hospital admissions will not apply to this minimum length of stay. Early discharge is permitted only if the attending health care provider, in consultation with the mother, decides an earlier discharge is appropriate.

Women's Health and Cancer Rights Act (WHCRA) Annual Notice

Your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services, including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. For more information, you should review the Summary Plan Description or call your Plan Administrator at 805.546.3129

Patient Protections

The medical plan requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, the plan will designate one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.blueshieldca.com

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the plan or any other person (including a primary care provider) to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.blueshieldca.com

Networks/Claims/Appeals

The major medical plans described in this booklet have provider networks with Blue Shield. The listing of provider networks will be available to you automatically and free of charge. A list of network providers can be accessed immediately by using the Internet address found in the Summary of Benefits and Coverage that relates to the Plan. You have a right to appeal denials of claims and a right to a response within a reasonable amount of time. Claims that are not submitted within a reasonable time may be denied. Please review your Summary Plan Description or contact the Plan Administrator for more details.

Notice of Extended Coverage to Children Covered as Students

Michelle's Law generally extends eligibility for group health benefit plan coverage to a dependent child over age 26, who, as a condition of coverage, is enrolled in an institution of higher education. Please review the following information with respect to your dependent child's rights in the event student status is lost.

Michelle's Law requires the Plan to allow extended eligibility in some cases for a covered child over age 26, who would lose eligibility for Plan coverage due to loss of full-time student status.

There are two definitions that are important for purposes of determining whether the Michelle's Law extension of eligibility applies to a particular child:

- *Dependent child means a child over age 26 who is a dependent of a plan participant and who is eligible under the terms of the Plan based on their student status and enrollment at a post-secondary educational institution immediately before the first day of a medically necessary leave of absence.*
- *Medically necessary leave of absence means a leave of absence or any other change in enrollment:*

Important Notices (continued)

- of a dependent child from a post-secondary educational institution that begins while the child is suffering from a serious illness or injury;
- Which is medically necessary; and,
- Which causes the dependent child to lose student status under the terms of the Plan.

The dependent child's treating physician must provide written certification of medical necessity (i.e., a certification that the dependent child suffers from a serious illness or injury that necessitates a leave of absence or other enrollment change that would otherwise cause loss of eligibility).

If a dependent child qualifies for the Michelle's Law extension of eligibility, the Plan will treat the dependent child as eligible for coverage until the earlier of:

- *One year after the first day of the leave of absence; or*
- *The date that Plan coverage would otherwise terminate (for reasons other than failure to be a full-time student).*

A dependent child on a medically necessary leave of absence is entitled to receive the same Plan benefits as other dependent children covered under the Plan. Further, any change to Plan coverage that occurs during the Michelle's Law extension of eligibility will apply to the dependent child to the same extent as it applies to other dependent children covered under the Plan.

COBRA Continuation Coverage

This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under covered medical, dental, and vision plans (the "Plan"). **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally does not accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "Qualifying Event." Specific Qualifying Events are listed later in this notice. After a Qualifying Event, COBRA continuation coverage must be offered to each person who is a "Qualified Beneficiary." You, your spouse, and your dependent children could become Qualified Beneficiaries if coverage under the Plan is lost because of the Qualifying Event. Under the Plan, Qualified Beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a Qualified Beneficiary if you lose coverage under the Plan because of the following Qualifying Events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a Qualified Beneficiary if you lose your coverage under the Plan because of the following Qualifying Events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than their gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or,
- You become divorced or legally separated from your spouse.

Your dependent children will become Qualified Beneficiaries if they lose coverage under the Plan because of the following Qualifying Events:

- The parent-employee dies;
- The parent-employee's employment ends for any reason other than their gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);

Important Notices (continued)

- The parents become divorced or legally separated; or,
- The child stops being eligible for coverage under the Plan as a “dependent child.”

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been notified of a Qualifying Event:

- The end of employment or reduction of hours of employment;
- Death of the employee; or,
- The employee becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other Qualifying Events (e.g., divorce or legal separation of the employee and spouse, or a dependent child’s losing eligibility for coverage as a dependent child, etc.), you must notify the Plan Administrator within 60 days after the Qualifying Event occurs. You must provide this notice to your employer.

Life insurance, accidental death and dismemberment benefits, and weekly income or long-term disability benefits (if part of the employer’s plan), are not eligible for continuation under COBRA.

NOTICE AND ELECTION PROCEDURES

Each type of notice or election to be provided by a covered employee or a Qualified Beneficiary under this COBRA Continuation Coverage Section must be in writing, must be signed and dated, and must be mailed or hand-delivered to the Plan Administrator, properly addressed, or as otherwise permitted by the COBRA administrator, no later than the date specified in the election form, and properly submitted to the Plan Administrator.

Each notice must include all of the following items: the covered employee’s full name, address, phone number, and Social Security Number; the full name, address, phone number, and Social Security Number of each affected dependent, as well as each dependent’s relationship to the covered employee; a description of the Qualifying Event or disability determination that has occurred; the date the Qualifying Event or disability determination occurred; a copy of the Social Security Administration’s written disability determination, if applicable; and the name of this Plan. The Plan Administrator may establish specific forms that must be used to provide a notice or election.

ELECTION AND ELECTION PERIOD

COBRA continuation coverage may be elected during the period beginning on the date Plan coverage would otherwise terminate due to a Qualifying Event and ending on the later of the following: (1) 60 days after coverage ends due to a Qualifying Event, or (2) 60 days after the notice of the COBRA continuation coverage rights is provided to the Qualified Beneficiary.

If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage rights, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver will be an election of COBRA continuation coverage. However, if a waiver is revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered to be made on the date they are sent to the employer or Plan Administrator.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the Qualified Beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation on behalf of their dependent children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain Qualifying Events, or a second Qualifying Event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

DISABILITY EXTENSION OF THE 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. This disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. (See Notice and Election Procedures.)

Important Notices (continued)

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If your family experiences another Qualifying Event during the 18 months of COBRA continuation of coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation of coverage, for a maximum of 36 months, if the Plan is properly notified about the second Qualifying Event. This extension may be available to the spouse and any dependent children receiving COBRA continuation of coverage if the employee or former employee dies; becomes entitled to Medicare (Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second Qualifying Event would have caused the spouse or the dependent child to lose coverage under the Plan had the first Qualifying Event not occurred. (See Notice and Election Procedures.)

OTHER OPTIONS BESIDES COBRA CONTINUATION COVERAGE

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, Children's Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

ENROLLMENT IN MEDICARE INSTEAD OF COBRA

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of:

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

For more information visit <https://www.medicare.gov/medicare-and-you>.

IF YOU HAVE QUESTIONS

For more information about the Marketplace, visit www.healthcare.gov.

The U.S. Department of Health and Human Services (HHS), through the Centers for Medicare & Medicaid Services (CMS), has jurisdiction with respect to the COBRA continuation coverage requirements of the Public Health Service Act (PHSA) that apply to state and local government employers, including counties, municipalities, public school districts, and the group health plans that they sponsor (Public Sector COBRA). COBRA can be a daunting and complex area of federal law. If you have any questions or issues regarding Public Sector COBRA, you may contact the Plan Administrator or email HHS at phig@cms.hhs.gov.

KEEP YOUR PLAN INFORMED OF ADDRESS CHANGES

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Important Notices (continued)

EFFECTIVE DATE OF COVERAGE

COBRA continuation coverage, if elected within the period allowed for such election, is effective retroactively to the date coverage would otherwise have terminated due to the Qualifying Event, and the Qualified Beneficiary will be charged for coverage in this retroactive period.

COST OF CONTINUATION COVERAGE

The cost of COBRA continuation coverage will not exceed 102% of the Plan's full cost of coverage during the same period for similarly situated non-COBRA beneficiaries to whom a Qualifying Event has not occurred. The "full cost" includes any part of the cost which is paid by the employer for non-COBRA beneficiaries.

The initial payment must be made within 45 days after the date of the COBRA election by the Qualified Beneficiary. Payment must cover the period of coverage from the date of the COBRA election retroactive to the date of loss of coverage due to the Qualifying Event (or the date a COBRA waiver was revoked, if applicable). The first and subsequent payments must be submitted and made payable to the Plan Administrator or COBRA Administrator. Payments for successive periods of coverage are due on the first of each month thereafter, with a 30-day grace period allowed for payment. Where an employee organization or any other entity that provides Plan benefits on behalf of the Plan Administrator permits a billing grace period greater than the 30 days stated above, such period shall apply in lieu of the 30 days. Payment is to be made on the date it is sent to the Plan or Plan Administrator.

The Plan will allow the payment for COBRA continuation coverage to be made in monthly installments, but the Plan can also allow for payment at other intervals. The Plan is not obligated to send monthly premium notices.

The Plan will notify the Qualified Beneficiary, in writing, of any termination of COBRA coverage based on the criteria stated in this Section that occurs prior to the end of the Qualified Beneficiary's applicable maximum coverage period. Notice will be given within 30 days of the Plan's decision to terminate.

Such notice shall include the reason that continuation coverage has terminated earlier than the end of the maximum coverage period for such Qualifying Event and the date of termination of continuation coverage.

See the Summary Plan Description or contact the Plan Administrator for more information.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents (including your spouse) for up to 24 months while in the military. Even if you do not elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions for pre-existing conditions except for service-connected injuries or illnesses.

Flexible Spending Accounts (FSAs) – Termination and Claims Submission Deadlines

Note: If you lose eligibility for any reason during the Plan Year, your contributions to your Health and/or Dependent Care FSAs will end as of the date your eligibility terminates. You may submit claims for reimbursement from your FSAs for expenses incurred during the Plan Year prior to your eligibility termination. You must submit claims for reimbursement from your Health and/or Dependent Care FSAs no later than 90 days after the date your eligibility terminates. Any balance remaining in your FSAs will be forfeited after claims submitted prior to this date have been processed.

Medicare Part D – Important Notice About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Cuesta College and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- **Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**

- **Blue Shield has determined that the prescription drug coverage offered by Cuesta College is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?

If you decide to join a Medicare drug plan, your current Cuesta College coverage will not be affected. If you keep this coverage and elect Medicare, the Cuesta College coverage will coordinate with Part D coverage.

If you do decide to join a Medicare drug plan and drop your current Cuesta College coverage, be aware that you and your dependents will be able to get this coverage back.

WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN?

You should also know that if you drop or lose your current coverage with Cuesta College and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without Creditable Coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (i.e., a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Important Notice Regarding Wellness Information

The MCSIG Blue Shield Wellness Program is a voluntary program available to all employees and is subject to federal law including the Americans with Disabilities Act and the Genetic Information Nondiscrimination Act.

If you choose to participate, you may be asked to complete a voluntary health risk assessment that asks questions about your health-related activities and behaviors and whether you have or had certain medical conditions. You may also be asked to complete a voluntary biometric screening.

The information gathered from your health risk assessment and/or biometric screening will be used to provide you with information to help you understand your current health, potential risks, and may also be used to offer you services through the wellness program. You are also encouraged to share your results or concerns with your own doctor.

The law requires us to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Cuesta College may use aggregate, non-employee-specific information to design a program to address health risks in the workplace, your personally identifiable information will never be disclosed publicly or to your employer. Medical information that personally identifies you in connection with the wellness program will not be disclosed to your supervisors or managers and will never be used to make decisions regarding your employment. Anyone (e.g., a registered nurse, a doctor, a health coach, etc.) who receives information about you for the purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements.

If you have any questions or concerns, please contact HR at HR@Cuesta.edu.

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: GENERAL INFORMATION

This notice provides you with information about Cuesta College in the event you wish to apply for coverage on the Health Insurance Marketplace. All the information you need from Human Resources is listed in this notice. If you wish to have someone assist you in the application process or have questions about subsidies that you may be eligible to receive, (for California residents only) you can contact KeenanDirect at 855-653-3626 or at www.KeenanDirect.com, or (for everyone) contact the Health Insurance Marketplace directly at www.Healthcare.gov.

WHAT IS THE HEALTH INSURANCE MARKETPLACE?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget by offering “one-stop shopping” to find and compare private health insurance options. You may also be eligible for a tax credit that lowers your monthly premium right away.

Open Enrollment for health insurance coverage through Covered California will begin on November 1, 2023, and end on January 31, 2024. For more information on Open Enrollment and other opportunities to enroll, visit www.coveredca.com or KeenanDirect at 855-653-3626 or www.KeenanDirect.com.

Open Enrollment for most other states begins on November 1 and closes on January 15 of each year. For more information on Open Enrollment and other opportunities to enroll, visit www.healthcare.gov.

CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer you coverage, offers medical coverage that is not “Affordable,” or does not provide “Minimum Value.” If the lowest cost plan from your employer that would cover you (and not any other members of your family) is more than 8.39% (for 2024) of your household income for the year, then that coverage for you is not Affordable. Affordability for dependent family members is determined separately and is based on the total cost of family coverage. Moreover, if the medical coverage offered covers less than 60% of the benefits costs, then the plan does not provide Minimum Value.

DOES EMPLOYER HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?

Yes. If you have an offer of medical coverage from your employer that is both Affordable and provides Minimum Value, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s medical plan. If you receive premium savings for Marketplace coverage, the IRS may seek reimbursement of those funds.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered medical coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

STATES WITH INDIVIDUAL MANDATE

Taxpayers in CA, DC, MA, NJ, RI, and VT (this list is neither complete nor exhaustive) are reminded that your state imposes an individual mandate penalty (tax) should you, your spouse, and children choose to not have (and keep) medical/rx coverage for each tax year. Please consult your tax advisor for how a non-election for health coverage may affect your tax situation.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 877-KIDS-NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your State if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 866-444-EBSA (3272).

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2023. Contact your State for more information on eligibility.

Glossary

Affordable Care Act and Patient Protection (ACA)

Also called Health Care Reform, the ACA requires health plans to comply with certain requirements. The ACA became law in March 2010. Since then, the ACA has required some changes to medical coverage—like covering dependent children to age 26, no lifetime limits on medical benefits, covering preventive care without cost-sharing, etc, among other requirements.

Allowed Amount

Maximum amount on which payment is based for covered health care services. This may be called “eligible expense,” “payment allowance” or “negotiated rate.” If your provider charges more than the allowed amount, you may have to pay the difference. (See Balance Billing.)

Balance Billing

When a provider bills you for the difference between the provider’s charge and the allowed amount. For example, if the provider’s charge is \$100 and the allowed amount is \$70, the provider may bill you for the remaining \$30. A preferred provider may not balance bill you.

Brand Name Drug

The original manufacturer’s version of a particular drug. Because the research and development costs that went into developing these drugs are reflected in the price, brand name drugs cost more than generic drugs.

COBRA (Consolidated Omnibus Budget Reconciliation Act)

The Consolidated Omnibus Budget Reconciliation Act allows people who lose their jobs to continue their employer-sponsored insurance coverage for up to 18 months.

Children’s Health Insurance Program (CHIP)

The government program that provides free or low-cost health coverage for children up to age 19 in families whose income is too high to qualify for Medicaid but too low to afford private insurance. CHIP covers U.S. citizens and eligible immigrants. In some states, CHIP covers pregnant people. CHIP goes by different names in some states.

Claim

A request for payment that you or your health care provider submits to your health insurer to be paid or reimbursed for items or services you have received. Most often, you will not be responsible for making claim requests. Usually, billing and claims specialists employed by the health care provider (e.g. primary care office, hospital) will make the claim on your behalf.

Coinsurance

A percentage of costs you pay “out-of-pocket” for covered expenses after you meet the deductible.

Copayment (Copay)

A fee you have to pay “out-of-pocket” for certain services, such as a doctor’s office visit or prescription drug.

Comprehensive Coverage

A health insurance plan that covers the full range of care that you may need. This may include preventive services (like flu shots), physical exams, prescription drugs, and doctor or hospital care.

Deductible

The amount you pay “out-of-pocket” before the health plan will start to pay its share of covered expenses.

Formulary

A list of prescription drugs covered by the health plan, often structured in tiers that subsidize low-cost generics at a higher percentage than more expensive brand-name or specialty drugs.

Generic Drug

Lower-cost alternative to a brand name drug that has the same active ingredients and works the same way.

High-Deductible Health Plan (HDHP)

High-deductible health plans (HDHPs) are health insurance plans with lower premiums and higher deductibles than traditional health plans. Only those enrolled in an HDHP are eligible to open and contribute tax-free to a health savings account (HSA).

Glossary (continued)

Health Savings Account (HSA)

A health savings account (HSA) is a portable savings account that allows you to set aside money for health care expenses on a tax-free basis. State taxes may apply. You must be enrolled in a high-deductible health plan in order to open an HSA. An HSA rolls over from year to year, pays interest, can be invested, and is owned by you—even if you leave the company.

Health Reimbursement Arrangements (HRAs)

Unlike HSAs, only an employer may fund an HRA and the funds revert back to the employer when the employee leaves the organization. HRAs are not subject to the same contribution limits as HSAs, and they may be paired with either high-deductible plans or traditional health plans.

In-Network

Doctors, clinics, hospitals and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.

Non-Preferred Provider

A provider who doesn't have a contract with your health insurer or plan to provide services to you. You'll pay more to see a non-preferred provider.

Out-of-Pocket Maximum

The most you pay each year "out-of-pocket" for covered expenses. Once you've reached the out-of-pocket maximum, the health plan pays 100% for covered expenses.

Out-Of-Network

A health plan may not cover treatment for doctors, clinics, hospitals and other providers who are out-of-network, but covered employees will pay more out-of-pocket to use out-of-network providers than for in-network providers.

Out-Of-Pocket Limit

The most an employee could pay during a coverage period (usually one year) for his or her share of the costs of covered services, including co-payments and co-insurance.

Plan Year

The year for which the benefits you choose during Annual Enrollment remain in effect. If you're a new employee, your benefits remain in effect for the remainder of the plan year in which you enroll, and you enroll for the next plan year during the next Annual Enrollment.

Preferred Provider

A provider who has a contract with your health insurer or plan to provide services to you at a discount.

Premium

The amount that must be paid for a health insurance plan by covered employees, by their employer, or shared by both. A covered employee's share of the annual premium is generally paid periodically, such as monthly, and deducted from his or her paycheck.

Preventive Care

Health care services you receive when you are not sick or injured— so that you will stay healthy. These include annual checkups, gender- and age-appropriate health screenings, well-baby care, and immunizations recommended by the American Medical Association.

Qualifying Life Event

A change in your life that can make you eligible for a Special Enrollment Period to enroll in health coverage. Examples of qualifying life events include moving to a new state, certain changes in your income, and changes in your family size.

Skilled Nursing Care

Services from licensed nurses in your own home or in a nursing home. Skilled care services are from technicians and therapists in your own home or in a nursing home.

Urgent Care

Care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require emergency room care.
