Purpose of Report

This analysis was prepared by the California Community Colleges Chancellor’s Office (Chancellor’s Office) with review and support from the:

- Association of California Community College Administrators (ACCCA),
- Association of Chief Business Officials (ACBO), and
- Community College League of California (League).

Its purpose is to provide information about the Governor’s January budget proposal as a common resource for each organization’s further analyses and advocacy efforts. Over the next several months, updated analyses will describe the proposed trailer bills, the Governor’s May Revision, and the enacted budget.

Summary of Key Budget Changes

Today, Governor Newsom released his budget proposal for the 2023-24 fiscal year. Following are some key changes in the proposal compared to the enacted budget for 2022-23.

- Under the proposal, the overall state budget would be lower than in 2022-23, decreasing by about 3% to \$297.7 billion, affected by a substantial decline in the share of personal income tax revenues from capital gains. General Fund spending would decrease by over \$10 billion (4.6%) to \$223.6 billion.

Figure 1: Proposed 2023-24 budget reflects projected deficit of \$22.5 billion (dollars in billions).

- The budget proposal for the California Community Colleges continues to be shaped by the [Roadmap for the Future](#), introduced in 2022-23 and intended to

advance equity, student success and the system’s ability to prepare students for California’s future. The Roadmap is part of the Administration’s agenda to help the state reach a goal of having 70% of working-age Californians possess a degree or credential by 2030. Budget investments across higher education aim to support students to improve educational outcomes, close equity gaps, address basic needs, and increase affordability.

- The proposed budget for 2023-24 provides about \$778 million in Proposition 98 augmentations over the prior year, nearly all of it as ongoing spending.

Figure 2: Most new Proposition 98 funding for 2023-24 represents ongoing funds for COLAs (dollars in millions).

- The proposal for additional ongoing spending includes \$652.6 million for an 8.13% cost-of-living adjustment (COLA) for community college apportionments, about \$90 million for COLAs and adjustments to certain categorical programs, and \$28.8 million for systemwide enrollment growth of 0.5%.

Figure 3: Proposed new ongoing spending in 2023-24 is primarily for COLAs (dollars in millions).

- One-time funding in the proposal is largely dedicated to student retention and enrollment efforts in the context of enrollment that has dropped by over 16% since the beginning of the pandemic. The \$200 million proposed for that purpose is offset by a proposal to reduce that approximate amount of one-time funding for deferred maintenance included in the 2022-23 budget.

- The Governor’s proposal includes a total \$143.8 million in capital outlay funds to support the construction phase for 10 continuing projects. Four of the projects would be funded with \$53.6 million from Proposition 55 and the other six projects with \$90.1 million from Proposition 51.

State Budget Overview

The Governor’s Budget proposes additional ongoing resources of approximately \$770 million to California Community Colleges appropriations and categorical programs, as compared to the 2022 Budget Act.

BUDGET REFLECTS CONCERNS ABOUT ECONOMY AND REVENUES

The 2022 Budget Act was enacted in the context of strong revenues combined with concerns about a downturn in the stock market, increased interest rates, and the possibility of a recession. The state’s investments for the current year focused on supporting pandemic recovery, providing middle class tax rebates, and one-time spending on the environment, education, transportation, and housing.

Priorities in the Governor’s proposed budget for 2023-24 focus on key investments made in recent budgets. The proposal includes:

- Funding for key education priorities of implementing universal transitional kindergarten, increasing subsidized child care availability, implementing universal school meals, and maintaining higher education compacts with the University of California (UC) and California State University (CSU) and the multi-year roadmap with the California Community Colleges;
- Maintenance of most funding allocated in the two prior budgets for advancing the Administration’s climate agenda, with plans to pursue additional federal funds;
- Continuing investment in the expansion of health care access, including reproductive health care and behavioral health services; and
- Maintenance of recent budgets’ investments to address homelessness and most of the planned allocations for housing production incentives.

Economic Conditions Create a Budget Deficit

The budget outlook has declined since the 2022 Budget Act, with revenues falling behind budget act projections across 2021-22, 2022-23 and 2023-24 by over \$40 billion according to the [Legislative Analyst’s Office](#) (LAO). The 2022 Budget Act assumed that the state would end 2023-24 with a deficit of nearly \$3 billion, a problem that is compounded by revenue shortfalls related to a downturn in the stock market. The revenue losses are partially offset by reductions to required formula-driven spending (such as Proposition 98 spending and deposits to the Budget Stabilization Account), but the LAO’s analysis may understate the overall state budget problem as it did not consider the impact of persistent high inflation. According to the [LAO](#), required withdrawals from the Proposition 98 reserve in response to the shortfall in revenues should cover the costs of existing K-14 programs adjusted by COLA through 2025-26, but it leaves no money for additional spending beyond current programs.

The Governor’s Budget largely aligns with the LAO’s analysis, although it projects a slightly lower deficit of \$22.5 billion for 2023-24 (compared to LAO’s projection of \$25 billion). The budget reflects \$35.6 billion in reserves, including \$22.4 billion in the state’s Rainy Day Fund. The state’s efforts to build reserves over the last couple of years will somewhat mitigate the impact of the expected budget deficit for 2023-24. The plan uses several mechanisms to close the projected shortfall, including some funding delays and reductions from the 2021-22 and 2022-23 budgets, fund shifts, and limited borrowing. Some reductions are included in a trigger that would restore the funds in January 2024 if sufficient General Fund revenues are available.

District Revenue Protections

The 2021 Budget Act extended the Student Centered Funding Formula’s (SCFF) hold harmless provision through 2024-25, under which districts will earn at least their 2017-18 total computational revenue (adjusted by COLA each year). The 2022 Budget Act extended the revenue protections in a modified form beginning in 2025-26, with a district’s 2024-25 funding representing its new “floor.” Starting in 2025-26, districts will be funded at their SCFF generated amount that year or their “floor” (2024-25 funding amount), whichever is higher. This revised hold harmless provision will no longer include adjustments to reflect cumulative COLAs over time, as is the case with the provision in effect through 2024-25, so a district’s hold harmless amount would not grow.

PROPOSITION 98 ESTIMATE INCREASES

Minimum Guarantee for Community Colleges Increases by about 2%

Each year, the state calculates a “minimum guarantee” for school and community college funding based on a set of formulas established in Proposition 98 and related statutes. To determine which formulas to use for a given year, Proposition 98 lays out three main tests that depend upon several inputs including K-12 attendance, per capita personal income, and per capita General Fund revenue. Depending on the values of these inputs, one of the three tests becomes “operative” and determines the minimum guarantee for that year. The state rarely provides funding above the estimated minimum guarantee for a budget year. As a result, the minimum guarantee determines the total amount of Proposition 98 funding for schools and community colleges. Though these formulas determine total funding, they do not prescribe the distribution of funding within the segments. The Governor and Legislature have significant discretion in allocating funding to various programs and services.

Table 1 shows the budget’s estimates of the minimum guarantee for the prior, current, and budget years. The community college share of Proposition 98 funding is at the traditional share of 10.93% in each of these years. Included in this share is some K-12 funding, including a portion of Adult Education funding, a small amount of pass-through funding for school district-based apprenticeship programs and funding for K-12 Strong Workforce programs.

Estimate for Current Year Has Decreased

The estimate of the Proposition 98 minimum guarantee for 2021-22 increased very slightly but the estimate for 2022-23 decreased as compared to projections when the 2022-23 budget was enacted in June of last year. Changes to the estimates can occur if school enrollment, economic growth, or state revenues turn out to be different than expected. Specifically, the revised estimate for 2022-23 is lower than was projected in June because of weaker than expected revenues.

Revised Deposits to Public School System Stabilization Account (PSSSA)

Proposition 2, approved by voters in November 2014, created the PSSSA, a new state reserve for schools and community colleges. Under Proposition 2, transfers are made to this account if several conditions are satisfied. Specifically, the state must have paid off all Proposition 98 debt created before 2014-15, the minimum guarantee must be growing more quickly than per capita personal income, and capital gains revenues must exceed 8% of total revenues. In tight fiscal times, the state must withdraw funding from the reserve to supplement the funding schools and community colleges receive under Proposition 98. The Governor’s budget reflects revised 2021-22 and 2022-23 payments, and a 2023-24 payment of \$3.7 billion, \$1.1 billion, and \$365 million, respectively, for a total revised account balance of more than \$8.5 billion at the end of 2022-23 (compared to the projected \$9.5 billion in the 2022 Budget Act).

Though these transfers change *when* the state spends money on schools and community colleges, they do not directly change the *total amount* of state spending for schools and community colleges across fiscal years. Specifically, required transfers to the PSSSA count toward Proposition 98 totals in the year the transfer is made. As a result, appropriations

to schools and community colleges in such a year could be lower than otherwise required by Proposition 98. However, in a year when money is spent out of this reserve, the amount transferred back to schools and community colleges is over and above the Proposition 98 amount otherwise required for that year.

California Community Colleges Funding

The Governor’s Budget includes \$771 million in ongoing policy adjustments for the community college system, compared to 2022-23 expenditure levels, as reflected in Table 2. Considering technical adjustments along with changes to funding, the system would receive approximately \$461 million in additional funding.

TECHNICAL ADJUSTMENTS	
Student Centered Funding Formula (SCFF) other base adjustments (aside from COLA and Growth)	-\$314.4
Subtotal Technical Adjustments	-\$314.4
TOTAL CHANGES	\$463.9

The estimated and proposed Total Computational Revenue (TCR) for the SCFF increases by \$367 million from \$8.7 billion to \$9.1 billion. This reflects a proposed COLA of 8.13% (\$652.6 million) and FTES growth of 0.5% (\$28.8 million) and modified estimates for hold harmless and other underlying estimation factors. Further, the following adjustments are reflected in associated offsetting revenues (all comparisons are from the 2022-23 Budget Act to the 2023-24 Governor’s Budget proposal):

- Property tax revenues are estimated to increase by \$158.6 million from \$3.653 billion to \$3.811 billion.
- Enrollment Fee revenues are estimated to increase by \$3 million from \$399.5 million to \$402.5 million.
- Education Protection Account funding is estimated to increase by \$186.7 million from \$1.43 billion to \$1.62 billion.

Appendix B compares the Governor’s proposed funding adjustments for the system in 2023-24 to the Board of Governors’ budget request. Below we highlight a few of the Administration’s policy decisions and related information. Later in this analysis, we detail local funding by program, capital outlay funding, and state operations.

MAJOR POLICY DECISIONS CONTINUE STATE’S FOCUS ON ROADMAP

The multi-year [Roadmap](#) introduced in the 2022-23 budget continues to shape the Administration’s proposed budget. The roadmap builds on existing efforts toward achieving the *Vision for Success* goals, with some additional expectations for the system over the next several years. The proposed budget provides funding for a COLA and enrollment growth, targets more one-time funds for enrollment and retention efforts, and allows districts more flexibility in the use of funds in pursuit of the roadmap’s goals.

Apportionments Receive 8.13% COLA and 0.5% Growth

The proposal includes an increase of \$28.8 million **ongoing** to fund 0.5% enrollment growth and \$652.6 million **ongoing** to support a COLA of 8.13% for apportionments, the same COLA proposed for K-12. Another \$92.5 million **ongoing** would support a COLA of 8.13% for selected categorical programs and the Adult Education program.

District Flexibility Increases

To support the roadmap and provide districts with an opportunity to maximize use of their funds, the Administration intends to introduce a mechanism as part of the May Revision to provide additional flexibility in the spending of certain categorical dollars to community college districts that are making progress toward the roadmap goals. Under the proposal, districts would have the option to submit a streamlined report for the specified programs and to spend funds flexibly across them.

Retention and Enrollment Receives Additional Support

The proposed budget reflects continuing concern about the significant loss of enrollment across the community colleges, which has declined by more than 16% since the beginning of the pandemic. Building on prior investments of \$120 million in 2021-22 and \$150 million in 2022-23, the proposal includes \$200 million **one-time** to continue supporting community college efforts and focused strategies to increase student retention rates and overall enrollment. Districts have used the prior funding for a variety of efforts to recruit, retain, and re-enroll students, including to:

- Increase outreach and marketing efforts via mail, email, text, phone and social media, and through participation in virtual and in-person community events;
- Expand financial supports for students through emergency grants, book and transportation vouchers, and support for technology, food, housing, childcare and other needs;
- Remove financial holds, relax payment policies, and streamline burdensome administrative procedures;
- Offer alternative course schedules and modalities;
- Implement online student services and expand hours of service for virtual and in-person services;
- Increase training and resources for faculty and staff; and
- Expand and deepen collaboration both on campus and with external partners to provide enhanced student services and improved educational options.

Deferred Maintenance Funds are Redirected

The 2022 Budget Act included approximately \$840 million in **one-time** funds for 2022-23 to address deferred maintenance and energy efficiency projects across the system. The Governor’s Budget proposes to decrease that amount by \$213 million, providing a source of funding to support the additional investment for retention and enrollment efforts in the budget year.

Currently, all \$840 million in one-time deferred maintenance funds allocated in FY 2022-23 are scheduled to be distributed to districts via the Apportionment process by June 2023, prior to the expected enactment of the 2023-24 budget. As of January 2023, \$504 million has been distributed.

Since the approval of the 2022 Budget Act, 71 districts have certified how they will spend their allocated funds. The 71 districts that have a certified plan have allocated \$829 million to address the following needs on their campuses:

- \$199 million for instructional equipment and library materials;
- \$534.4 million for deferred maintenance projects;
- \$34.6 million for water conservation projects; and
- \$61 million for energy efficiency projects.

Increasing Fiscal Accountability is a Priority

The Governor’s proposed budget includes \$275,000 (\$75,000 **one-time** and \$200,000 **ongoing**) to develop and maintain a community college district leadership and fiscal accountability program, through the Fiscal Crisis and Management Assistance Team (FCMAT). FCMAT provides services to help local TK-14 educational agencies identify, prevent, and resolve financial, operational and data management challenges through management assistance and professional learning opportunities, and the proposed funding would be intended to provide services targeted to the needs of community college districts.

Fire Protection is a Focus

The Governor's proposed budget includes \$14 million **one-time** Proposition 98 funds for workforce training grants focused on meeting workforce needs to fight wildfires, to be administered in collaboration with the California Department of Forestry and Fire Protection.

Dual Enrollment and Service Learning are Encouraged

The Governor's budget proposal includes language requesting that community colleges establish dual enrollment agreements with all applicable local educational agencies (LEAs) within their community college districts' service area. It also requests that colleges develop and offer a one-unit service-learning course that all high school students can access through dual enrollment.

Affordable Student Housing Funding Extended by One Year

As part of the Budget Act of 2021, the state created the Higher Education Student Housing Grant Program to support the construction of affordable student housing across the three public higher education segments. The program was to receive funding over three years for three rounds of grants, with an investment of \$750 million one-time expected in FY 2023-24. The Governor's budget proposes to reduce that investment to \$500 million **one-time** and extend the remaining \$250 million to FY 2024-25, which will provide an opportunity for a fourth round of awards.

Cal Grant Reforms Targeted for 2024-25

The Fiscal Year 2022-23 State Budget enacted the Cal Grant Reform Act, a longstanding priority of the California Community Colleges system and our student-led organizations, overhauling and modernizing the state Cal Grant program for community college students. When it goes into effect in the 2024-25 academic year, the Cal Grant Reform Act would entitle *all* community college students with financial need to a revised "Cal Grant 2" financial aid award that would increase with inflation over time and continue to support students' total cost of attendance beyond tuition. The Cal Grant Reform Act depends on the Department of Finance determining, in the spring of 2024, that there will be sufficient revenues in the 2024-25 fiscal year to support this expansion of financial aid.

LOCAL SUPPORT FUNDING IS LARGELY STABLE FOR ONGOING PROGRAMS

Table 4 shows proposed ongoing local assistance funding by program for the current and budget years. As the table shows, most categorical programs received level or workload funding in the Governor's proposal, with certain programs receiving cost-of-living adjustments consistent with recent practices. Decreases in funding are related to revised estimates of underlying factors.

Table 5 shows proposed one-time local assistance funding by program for 2023-24. Given the expected state budget deficit, the budget proposal for community colleges includes only a few one-time investments.

^a Table reflects total programmatic funding for the system, including amounts from prior years available for use in the years displayed.

CAPITAL OUTLAY INVESTMENTS ARE LOWER

The Governor’s proposal includes \$143.8 million in total capital outlay funding from both Proposition 55 and Proposition 51, substantially lower than in the 2021-22 and 2022-23 budgets. Voters approved Proposition 55 in 2004 and Proposition 51 approved by voters in 2016. The funding is to support the construction phase for 10 continuing projects, as listed in Table 6.

STATE OPERATIONS RECEIVES LEVEL FUNDING

The Chancellor’s Office provides leadership and oversight to the system, administers dozens of systemwide programs, and manages day-to-day operations of the system. The office is involved in implementing several recent initiatives including Guided Pathways, basic skills reforms, and the Student Centered Funding Formula. In addition, the Chancellor’s Office provides technical assistance to districts and conducts regional and statewide professional development activities. The current-year (2022-23) budget provided an increase of \$3.9 million over the prior year to support 26 new positions to better support curriculum-related reforms and technology modernization efforts across the system as well as improved operational capacity in general. The Governor’s budget proposal for 2023-24 keeps funding level at about \$25.7 million in non-Proposition 98 General Fund and \$12.2 million in special funds and reimbursements for Chancellor’s Office operations.

Appendix A: Overview of the State Budget Process

The Governor and the Legislature adopt a new budget every year. The Constitution requires a balanced budget such that, if proposed expenditures exceed estimated revenues, the Governor is required to recommend changes in the budget. The fiscal year runs from July 1 through June 30.

Governor’s Budget Proposal. The California Constitution requires that the Governor submit a budget to the Legislature by January 10 of each year. The Director of Finance, who functions as the chief financial advisor to the Governor, directs the preparation of the Governor’s Budget. The state’s basic approach is incremental budgeting, estimating first the costs of existing programs and then adjusting those program levels. By law, the chairs of the budget committees in each house of the Legislature—the Senate Budget and Fiscal Review Committee and the Assembly Budget Committee—introduce bills reflecting the Governor’s proposal. These are called budget bills, and the two budget bills are identical at the time they are introduced.

Related Legislation. Some budget changes require that changes be made to existing law. In these cases, separate bills—called “trailer bills”—are considered with the budget. By law, all proposed statutory changes necessary to implement the Governor’s Budget are due to the Legislature by February 1.

Legislative Analyses. Following the release of the Governor’s Budget in January, the LAO begins its analyses of and recommendations on the Governor’s proposals. These analyses, each specific to a budget area (such as higher education) or set of budget proposals (such as transportation proposals), typically are released beginning in mid-January and continuing into March.

Governor’s Revised Proposals. Finance proposes adjustments to the January budget through “spring letters.” Existing law requires Finance to submit most changes to the Legislature by April 1. Existing law requires Finance to submit, by May 14, revised revenue estimates, changes to Proposition 98, and changes to programs budgeted based on enrollment, caseload, and population. For that reason, the May Revision typically includes significant changes for the California Community Colleges budget. Following release of the May Revision, the LAO publishes additional analyses evaluating new and amended proposals.

Legislative Review. The budget committees assign the items in the budget to subcommittees, which are organized by areas of state government (e.g., education). Many subcommittees rely heavily on the LAO analyses in developing their hearing agendas. For each January budget proposal, a subcommittee can adopt, reject, or modify the proposal. Any January proposals not acted on remain in the budget by default. May proposals, in contrast, must be acted on to be included in the budget. In addition to acting on the Governor’s budget proposals, subcommittees also can add their own proposals to the budget.

When a subcommittee completes its actions, it reports its recommendations back to the full committee for approval. Through this process, each house develops a version of the budget that is a modification of the Governor’s January budget proposal.

A budget conference committee is then appointed to resolve differences between the Senate and Assembly versions of the budget. The administration commonly engages with legislative leaders during this time to influence conference committee negotiations. The committee’s report reflecting the budget deal between the houses is then sent to the full houses for approval.

Budget Enactment. Typically, the Governor has 12 days to sign or veto the budget bill. The Governor also has the authority to reduce or eliminate any appropriation included in the budget. Because the budget bill is an urgency measure, the bill takes effect as soon as it is signed.

SEQUENCE OF THE ANNUAL STATE BUDGET PROCESS

Appendix B: Board of Governors’ Budget and Legislative Request Compared to Governor’s Budget Proposal

The system budget request considered fiscal needs over multiple years to support the system in achieving the *Vision for Success* and Roadmap goals; it focused on leveraging prior year investments and furthering recent reforms.

Board of Governor’s Request	Governor’s Budget Proposal
Ongoing Investments	
Foundational Resources. \$400 million for base funding increase.	Provides \$652.6 million for a COLA of 8.13% and \$28.8 million for 0.5% enrollment growth.
Diversity, Equity and Inclusion. \$2 million to leverage federal match for Foster and Kinship Care Education program; \$80 million for expanded campus childcare; \$60 million increase to DSPS.	Not funded.
Pathways and Student Supports. \$70 million for implementation of corequisite support models.	Provides \$92.5 million for 8.13% COLA for selected categorical programs and the Adult Education Program.
Support for Faculty and Staff. \$50 million for faculty supports across hiring, parity, curriculum development and office hours; \$10 million for CCC Teacher Preparation Program	Instead, it includes \$200,000 for operation of a district leadership and fiscal accountability program with FCMAT.
Technology and Data Sharing. \$30 million for technology capacity to support flexible and online learning modalities; \$200,000 for streamlined reporting process; \$92 million for Common ERP (beginning in 2024-25).	Instead, it offers streamlined reporting and district spending flexibility for certain categorical programs to districts making progress toward Roadmap goals.
College Affordability and Supports. \$10 million for structural reforms to financial aid administration; policy changes to cover Student Success Completion Grants for student Board of Governors members and to extend eligibility for AB 540 tuition exemption to students who have completed 60 units or an ADT.	Not funded.
One-Time Investments	
Pathways and Student Supports. \$150 million to establish Childcare Expansion Fund for upgrading facilities and enhancing partnerships for campus childcare; \$23 million to incentivize colleges to identify and implement changes to structures and processes to reduce excess units; \$2.7 million for Intersegmental Transfer Success Collaborative of cross-segment disciplinary faculty; \$231,000 for analysis of online learning innovations; \$20 million for infrastructure for students with disabilities.	Instead, it provides \$200 million to support college efforts and strategies to increase student retention rates and enrollment, and \$14 million for workforce training grants related to forestry and fire protection.

Technology and Data Sharing. \$2.2 million for creation of streamlined reporting tool; \$300 million for Common ERP (in 2024-25)	Not mentioned.
Institutional Quality and Capacity. \$150 million one-time for deferred maintenance.	Decreases 2022-23 funds for deferred maintenance by \$213 million to cover the cost of additional investment in retention and enrollment strategies described above. Provides \$75,000 to develop the leadership and fiscal accountability program with FCMAT (see ongoing funding above).
Non-Proposition 98 Investments	
College Affordability and Supports. \$900 million one-time for construction grants for student housing	Delays \$250 million of the anticipated support for housing projects to 2024-25 (so provides \$500 million rather than \$750 million in 2023-24).
Pension Relief. Unspecified one-time investment to allow redirection of resources toward student success goals.	Not funded.
Capacity to Support the System. \$963,000 ongoing for 5 additional Chancellor's Office staff to support NOVA platform	Not funded.
Workforce Education. Policy changes to revise Economic Workforce Development program to emphasize collaboration, coordination, and expanded work-based learning.	Not mentioned.

BUDGET PLANNING AND FORECASTING

Based on the information used in developing the state budget, it would be reasonable for districts to plan their budgets using information shown in Table C-1 below.

Table C-1: Planning Factors for Proposed 2023-24 Budget

Factor	2021-22	2022-23	2023-24
Cost-of-living adjustment (COLA)	5.07%	6.56%	8.13%
State Lottery funding per FTES ^a	\$228	\$237	TBD
Mandated Costs Block Grant funding per FTES ^b	\$30.16	\$32.68	\$32.68
RSI reimbursement per hour ^b	\$6.44	\$8.82	\$8.82
Financial aid administration per College Promise Grant ^b	\$0.91	\$0.91	\$0.91
Public Employees' Retirement System (CalPERS) employer contribution rates	22.91%	25.37%	25.20%
State Teachers' Retirement System (CalSTRS) employer contribution rates	16.92%	19.10%	19.10%

STATE REQUIREMENTS FOR DISTRICT BUDGET APPROVAL

Existing law requires the governing board of each district to adopt an annual budget and financial report that shows proposed expenditures and estimated revenues by specified deadlines. Financial reporting deadlines are shown in Table C-2.

Table C-2: Standard Financial Reporting Deadlines in Place for 2023-24

Activity	Regulatory Due Date	Title 5 Section
Submit tentative budget to county officer.	July 1, 2023	58305(a)
Make available for public inspection a statement of prior year receipts and expenditures and current year expenses.	September 15, 2023	58300
Hold a public hearing on the proposed budget. Adopt a final budget.	September 15, 2023	58301
Complete the adopted annual financial and budget report and make public.	September 30, 2023	58305(d)
Submit an annual financial and budget report to Chancellor's Office.	October 10, 2023	58305(d)
Submit an audit report to the Chancellor's Office.	December 31, 2023	59106

If the governing board of any district fails to develop a budget as described, the chancellor may withhold any apportionment of state or local money to the district for the current fiscal year until the district makes a proper budget. These penalties are not

imposed on a district if the chancellor determines that unique circumstances made it impossible for the district to comply with the provisions or if there were delays in the adoption of the annual state budget.

The total amount proposed for each major classification of expenditures is the maximum amount that may be expended for that classification for the fiscal year. Through a resolution, the governing board may make budget adjustments or authorize transfers from the reserve for contingencies to any classification (with a two-thirds vote) or between classifications (with a majority vote).

STATE REQUIREMENTS RELATED TO EXPENDITURES

State law includes two main requirements for districts' use of apportionments. The Chancellor's Office monitors district compliance with both requirements and annually updates the Board of Governors.

Full-Time Faculty Obligation

Education Code Section 87482.6 recognizes the goal of the Board of Governors that 75% of the hours of credit instruction in the California Community Colleges should be taught by full-time faculty. Each district has a baseline reflecting the number of full-time faculty in 1988-89. Each year, if the Board of Governors determines that adequate funds exist in the budget, districts are required to increase their base number of full-time faculty over the prior year in proportion to the amount of growth in funded credit full-time equivalent students. Funded credit FTES includes emergency conditions allowance protections, such as those approved for fires and for the COVID-19 pandemic. Districts with emergency conditions allowances approved per regulation will not have their full-time faculty obligation reduced for actual reported FTES declines while the protection is in place. The target number of faculty is called the Faculty Obligation Number (FON). An additional increase to the FON is required when the budget includes funds specifically for the purposes of increasing the full-time faculty percentage. The chancellor is required to assess a penalty for a district that does not meet its FON for a given year.

Fifty Percent Law

A second requirement related to budget levels is a statutory requirement that each district spend at least half of its Current Expense of Education each fiscal year for salaries and benefits of classroom instructors. Under existing law, a district may apply for an exemption under limited circumstances.

Appendix D: Districts' Fiscal Health

The Board of Governors has established standards for sound fiscal management and a process to monitor and evaluate the financial health of community college districts. These standards are intended to be progressive, with the focus on prevention and assistance at the initial level and more direct intervention at the highest level.

Under that process, each district is required to regularly report to its governing board the status of the district's financial condition and to submit quarterly reports to the Chancellor's Office three times a year in November, February, and May. Based on these reports, the Chancellor is required to determine if intervention is needed. Specifically, intervention may be necessary if a district's report indicates a high probability that, if trends continue unabated, the district will need an emergency apportionment from the state within three years or that the district is not in compliance with principles of sound fiscal management. The Chancellor's Office's intervention could include, but is not limited to, requiring the submission of additional reports, requiring the district to respond to specific concerns, or directing the district to prepare and adopt a plan for achieving fiscal stability. The Chancellor also could assign a fiscal monitor or special trustee.

The Chancellor's Office believes that the evaluation of fiscal health should not be limited to times of crisis. Accordingly, the Fiscal Forward Portfolio has been implemented to support best practices in governance and continued accreditation, and to provide training and technical assistance to new chief executive officers and chief business officers through personalized desk sessions with Chancellor's Office staff.

The Chancellor's Office's ongoing fiscal health analysis includes review of key financial indicators, results of annual audit reports, and other factors. A primary financial health indicator is the district's unrestricted reserves balance. **The Chancellor's Office recommends that districts adopt policies to maintain sufficient unrestricted reserves with a suggested minimum of two months of general fund operating expenditures or revenues, consistent with Budgeting Best Practices published by the Government Finance Officers Association.**

Districts are strongly encouraged to regularly assess risks to their fiscal health. The Fiscal Crisis and Management Assistance Team has developed a Fiscal Health Risk Analysis for districts as a management tool to evaluate key fiscal indicators that may help measure a district's risk of insolvency in the current and two subsequent fiscal years.

Appendix E: Glossary

Appropriation: Money set apart by legislation for a specific use, with limits in the amount and period during which the expenditure is to be recognized.

Augmentation: An increase to a previously authorized appropriation or allotment.

Bond Funds: Funds used to account for the receipt and disbursement of non-self-liquidating general obligation bond proceeds.

Budget: A plan of operation expressed in terms of financial or other resource requirements for a specific period.

Budget Act (BA): An annual statute authorizing state departments to expend appropriated funds for the purposes stated in the Governor's Budget, amended by the Legislature, and signed by the Governor.

Budget Year (BY): The next state fiscal year, beginning July 1 and ending June 30, for which the Governor's Budget is submitted (i.e., the year following the current fiscal year).

Capital Outlay: Expenditures that result in acquisition or addition of land, planning and construction of new buildings, expansion or modification of existing buildings, or purchase of equipment related to such construction, or a combination of these.

Cost of Living Adjustment (COLA): Increases provided in state-funded programs intended to offset the effects of inflation.

Current Year (CY): The present state fiscal year, beginning July 1 and ending June 30 (in contrast to past or future periods).

Deferrals: Late payments to districts when the state cannot meet its funding obligations. Deferrals allow districts to budget for more money than the state will provide in a given year. A district is permitted to spend as if there is no deferral. Districts typically rely on local reserves or short-term loans (e.g., TRANS) to cover spending for the fiscal year.

Department of Finance (DOF or Finance): A state fiscal control agency. The Director of Finance is appointed by the Governor and serves as the chief fiscal policy advisor.

Education Protection Account (EPA): The Education Protection Account (EPA) was created in November 2012 by Proposition 30, the Schools and Local Public Safety Protection Act of 2012, and amended by Proposition 55 in November 2016. Of the funds in the account, 89 percent is provided to K-12 education and 11 percent to community colleges. These funds are set to expire on December 31, 2030.

Expenditure: Amount of an appropriation spent or used.

Fiscal Year (FY): A 12-month budgeting and accounting period. In California state government, the fiscal year begins July 1 and ends the following June 30.

Fund: A legal budgeting and accounting entity that provides for the segregation of moneys or other resources in the State Treasury for obligations in accordance with specific restrictions or limitations.

General Fund (GF): The predominant fund for financing state operations; used to account for revenues that are not specifically designated by any other fund.

Governor's Budget: The publication the Governor presents to the Legislature by January 10 each year, which includes recommended expenditures and estimates of revenues.

Legislative Analyst's Office (LAO): A nonpartisan office that provides fiscal and policy advice to the Legislature.

Local Assistance: Expenditures made for the support of local government or other locally administered activities.

May Revision: An update to the Governor's Budget presented by Finance to the Legislature by May 14 of each year.

Past Year or Prior Year (PY): The most recently completed state fiscal year, beginning July 1 and ending June 30.

Proposition 98: A section of the California Constitution that, among other provisions, specifies a minimum funding guarantee for schools and community colleges. California Community Colleges typically receive 10.93% of the funds.

Related and Supplemental Instruction (RSI): An organized and systematic form of instruction designed to provide apprentices with knowledge including the theoretical and technical subjects related and supplemental to the skill(s) involved.

Reserve: An amount set aside in a fund to provide for an unanticipated decline in revenue or increase in expenditures.

Revenue: Government income, generally derived from taxes, licenses and fees, and investment earnings, which are appropriated for the payment of public expenses.

State Operations: Expenditures for the support of state government.

Statute: A law enacted by the Legislature.

Tax and Revenue Anticipation Notes (TRANS): Short-term debt instruments issued in anticipation of taxes or other revenues to be collected at a later date.

Workload Budget: The level of funding needed to support the current cost of already-authorized services.
