SAN LUIS OBISPO COUNTY COMMUNITY COLLEGE DISTRICT
OVERVIEW OF IPPR DOCUMENT

The Institutional Program Planning and Review Document is a district-wide document that allows all departments and divisions to use the IPPR for the purposes of comprehensive program review and for annual program planning updates, as well as annual unit plan funding requests.

The Institutional Program Planning and Review (IPPR) Document contains the following primary elements:

- The Comprehensive Program Planning and Review (CPPR)
- Career Technical Education Two-year Program Review
- Annual Program Planning Worksheet (APPW)
- Unit Plan including Excel Worksheets
- Analysis of Comprehensive Program Planning and Review

These elements are to be submitted electronically as two files, the IPPR document (a Word document) and the Unit Plan worksheets (Excel document). The signature page needs to be submitted as a hard copy. On the deadline established, they are submitted to the cluster administrator responsible for the management of the program, division, and/or department.

Supporting resources and documents used when completing the IPPR Document:

- District Planning Documents: The District Mission, Institutional Goals, the SLOCCCD Strategic Plan 2012-2014, the SLOCCCD Educational Master Plan 2011-2016 Addendum, District-Wide Measurements/Data, SLOCCCD Institutional Effectiveness Outcomes (IEOs), SLOCCCD Institutional Learning Outcomes (ILOs), and the Student Characteristics and Enrollment Trends 2008-2012
- Faculty Hiring/Prioritization Information
- Course or Program Assessment Summary (CPAS) or the Student Services Student Learning Outcomes Assessment Report (SSSLOAR)
- Signature Page

Annual Planning Processes – The Annual Program Planning Worksheet (APPW) and Unit Plan
Annually, all District programs complete an APPW unless the program is scheduled for Comprehensive Program Planning and Review. Each instructional, administrative and student services division or department also completes an annual Unit Plan.
IPPR Documents

APPW
All district-wide programs in the Academic Affairs Cluster, the Student Services Cluster, the Administrative Services Cluster and the President’s Cluster use the same Annual Program Planning Worksheet included in the IPPR. Additionally, instructional programs are asked to include the Faculty Hiring/Prioritization Information if applicable.

Unit Plan
All district Divisions and Departments use the same Unit Plan document and worksheets. Unit plans are used to tie program planning and review to resource allocation.

- Unit Plan Narrative
- Prior Year Unit Plan Worksheet — Prior Year Unit Funding Requests
- Personnel Unit Plan Worksheet — Personnel Funding Requests
- Supplies Unit Plan Worksheet — Supplies Funding Requests
- Equipment Unit Plan Worksheet — Equipment Funding Requests
- Facility Unit Plan Worksheet — Facility Funding Requests
- Technology Unit Plan Worksheet — Technology Funding Requests
- Top 10 Priorities Unit Plan Worksheet — Prioritized List of Top 10 Immediate Unit Needs

Scheduled Process – The Comprehensive Program Planning and Review (CPPR)
On a cycle of four or five years – four for Career Technical Education (CTE) programs and five for non-CTE programs – each program must complete a Comprehensive Program Planning and Review (CPPR).

In the IPPR document, required CPPR documents are organized by Cluster:

Instructional CPPR – To be completed by all Academic Affairs Programs
- Instructional CPPR narrative sections
- Faculty Hiring Prioritization Information (if applicable)
- Course or Program Assessment Summary (CPAS) documents

Student Services CPPR – To be completed by the VP Student Services Cluster
- Student Services CPPR Narrative Sections
- Faculty Hiring Prioritization Information (if applicable)
- Student Services Student Learning Outcomes Assessment Report (SSSLOAR)
Administrative Services CPPR – To be completed by the President’s Cluster and Vice President’s Administrative Services Cluster

- Administrative Services CPPR narrative sections

The CPPR will be submitted to the cluster administrator responsible for the program. When submitting the CPPR, the completed, relevant sections of the IPPR Document and Excel Worksheets are provided electronically to the cluster administrator by the due date provided, with the Unit Plan included.

The CTE Two-Year Program Review
Career Technical Education programs will operate on a four-year cycle, and every second and fourth year, programs, as per Ed Code 78016, will submit a brief CTE Two-year Program Review to supplement other program planning documents included in the IPPR. Therefore, career technical educational (CTE) programs will adhere to the following four-year schedule:

- Year One: APPW with Unit Plan
- Year Two: APPW with Unit Plan and CTE Two-year Program Review
- Year Three: APPW with Unit Plan
- Year Four: CPPR with Unit Plan and CTE Two-year Program Review
IPPR 2014-2015 UPDATES AND TIPS

**APPW:** The APPW includes prompts that direct programs to demonstrate how their work helps the district achieve its Institutional Objectives and Goals. In addition, the student learning outcomes sections have prompts to direct programs to describe program improvements and budget requests that have come from the assessment of student learning outcomes. Finally, programs are asked to project how they will respond to the predicted budget and FTES targets for the next academic year.

**The Unit Plan:** The annual Unit Plan is the document that links program planning to resource allocation.

**Prior Year Unit Plan Worksheet — Prior Year Unit Funding Requests:** Indicate which prior year top ten requests were funded and which were not and briefly describe the impact on your program. If you only received “partial funding,” please indicate this in the description. If funded, please indicate the source of the funding: Categorical=C, Foundation=F, Associated Students of Cuesta College =AS, Grant=G, General Fund=GF or Other Revenue Sources=R. An example of other revenue sources would be ticket sales for Performing Arts or parking citations for Public Safety.

**Personnel Unit Plan Worksheet — Personnel Funding Requests:** List all funding requests under the categories of personnel. Under personnel, there is not an “hourly” category because SLOCCCD has discontinued the practice of hiring hourly employees. The classified personnel area includes regular classified employees, short-term employees and substitute employees. Short-term employees are those described as employed to perform a service for a specific period of time for work that will not be extended or needed on a continuing basis. Substitute employees are filling a vacancy for no more than 60 days. For further clarification of short-term or substitute employees, contact the Human Resources Office.

The Justification section is central to the planning and resource allocation process. Please provide a concise explanation of need citing relevant Institutional Objectives, Program Review recommendations, analysis of outcomes assessment or other factors.

**Supplies Unit Plan Worksheet — Supplies Funding Requests:** List all funding requests under the categories of instructional supplies and non-instructional supplies. Do not include technology requests in Supplies Worksheet. There is a worksheet for Technology Requests.

**Equipment Unit Plan Worksheet — Equipment Funding Requests:** List all funding requests under the categories of instructional equipment and non-instructional equipment. Do not include facility requests in Equipment Requests.
**Facility Unit Plan Worksheet — Facility Funding Requests:** List all new facilities requests and/or renovations. All facility requests, regardless of anticipated funding source are to be listed on Facility Requests Worksheet.

**Technology Unit Plan Worksheet — Technology Funding Requests:** Identify and prioritize all Technology Requests. The Technology Committee will review all technology requests and provide recommendations for technology funding priorities to the Planning and Budget Committee. Additionally, technology included in IPPRs will be included in the annual Technology Plan and Review. Please note that if technology is purchased that has not been included in an IPPR, Computer Services may not support that technology.

**Top 10 Priorities Unit Plan Worksheet — Prioritized List of Top 10 Immediate Unit Needs:** This worksheet is a report of the top-ten immediate needs for your unit, except for new faculty requests. Please indicate if the need is one-time or on going in the description for each need.

EXPLANATION OF TERMS

**Administrative Services Outcome Assessment Summary:** Administrative Services Outcome (ASO) program assessment plans and results are summarized annually on an assessment summary document, which is stored on a group drive or group file in MyCuesta.

**Annual Program Planning Worksheet (APPW):** As the annual update of the Comprehensive Program Planning and Review (CPPR), the APPW lists the program outcomes, provides information about program progress regarding program and institutional level goals and objectives, includes an analysis of institutional and program-specific data, reports program assessment results, and forecasts program development improvements for the next academic year, including strategies for responding to budget perimeters and FTES targets.

**Career and Technical Education (CTE):** CTE are educational programs offering sequences of courses directly related to preparing individuals for paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree.

**Career Technical Education Two-Year Program Review:** The Career Technical Education Two-Year Program Review is a planning document presented in the IPPR Document as a means to integrate the two-year CTE comprehensive review cycle with all other institutional planning processes.

**Comprehensive Program Planning and Review (CPPR):** The CPPR is an in-depth and extensive program plan and review conducted and reported by all instructional, service, and administrative programs on either a 4-year (CTE) or a 5-year cycle. The CPPR provides general
information, program outcomes, and program support of the Institutional Goals and Objectives. The CPPR also includes program data analysis and program specific measurements, curriculum review (academic programs), program outcomes assessments/improvements, and endnotes.

**Course or Program Assessment Summary (CPAS):** This document is the means used by faculty to report student learning outcomes (SLOs), assessment plans, assessment results, and efforts towards program and course improvement. The CPAS can serve as a living document (to be amended whenever key parts of an assessment cycle are completed), or program faculty may elect to generate a new CPAS for each year or assessment cycle. CPAS forms are used for program- and course-level SLO assessments. More information about the CPAS and other Institutional Assessment Plan documents can be found at the website, [Student Learning Outcomes and Assessments](#).

**CurricUNET:** The computer program where the entire curriculum resides at The SLOCCCD. CurricUNET interfaces local campus curriculum design components with both upstream and downstream systems, such as local Student systems, multi-campus curriculum searches, and state reporting standards.

**Dean’s/Manager’s Analysis of CPPR Pre-Meeting:** The purpose of this meeting is to review the CPPR document and the Dean’s expectations for development of the CPPR. This meeting should occur by October 2013.

**Dean’s/Manager’s Analysis of CPPR Post-Meeting:** The purpose of this meeting is to review the Dean’s narrative analysis, commendations and considerations related to the program. The review will focus on the program’s effectiveness and provide feedback to assist the program in meeting or exceeding expectations. This meeting should occur during the following academic year and no later than November 2013.

**Educational Master Plan:** The Educational Master Plan is the SLOCCCD long-term plan that drives all other plans and planning processes. All operational plans are developed based on the Institutional Goals stated in the Educational Master Plan Addendum. As such, this document compares existing planning conditions of the college to the district mission and, based on that comparison, identifies the district’s current strengths and weaknesses and projects the district’s future challenges and needs.

**Educational Master Plan Addendum:** Developed in spring 2012, the SLOCCCD Educational Master Plan 2011-2016 Addendum lists the SLOCCCD Institutional Goals and describes the data-driven rationale for each goal.

**Equipment:** Expenditures for the purchase of tangible property with a purchase price at least $200 and a useful life of more than one year, other than land or buildings and improvements thereon. (Examples: microscopes, copiers, welding equipment)
**Enrollment Management Plan:** The San Luis Obispo County Community College District Enrollment Management Plan is a two-year plan that sets enrollment goals as well as strategies for services, programs, and operations to facilitate student enrollment, retention, and success.

**Facilities (new and renovation):** As referred to in the IPPR Document, the term refers to the physical plan for all district programs owned and/or leased by the district. (Examples: buildings, classrooms, labs, offices, fields, the pool etc.)

**Fiscal Plan:** The Fiscal Plan is an operational plan with five-year projections that describes an assessment of the district’s fiscal strengths and liabilities and includes strategies for the management of long-term obligations.

**Full Time Equivalent Faculty (FTEF):** Represent the number of full-time equivalent faculty (1 FTEF = 15 instructional hours per week). Loads based upon non-instructional assignments are not included.

**Full Time Equivalent Student (FTES):** The State statutes deem one full-time student as a student that attends one or more approved courses for an annual total of 525 hours – one FTES represents 525 class contact hours of student instruction/activity in credit and noncredit courses. Full-time equivalent student (FTES) is one of the workload measures used in the computation of state aid for California Community Colleges.

**FTES/FTEF** is the ratio of FTES to FTEF. Note: A target ratio proposed by the chancellor’s office is roughly 17.5 FTES/FTEF, which is approximately equal to 525 contact hours per FTEF.

**Institutional Effectiveness Outcomes (IEOs):** The IEOs include outcomes as defined in the annual Scorecard Report, as well as additional outcomes related to career education, student diversity/campus climate, and fiscal responsibility.

**Institutional Goals:** Institutional Goals are developed as part of the San Luis Obispo County Community College District Educational Master Plan 2011-2016 and are broad statements that articulate how the district intends to address current and anticipated challenges.

**Institutional Learning Outcomes (ILOs):** The ILOs are the expected learning outcomes for SLOCCCD students either graduating with A.A./A.S. degrees or transferring to four-year colleges or universities. These students will be able to demonstrate the knowledge, skills, and attitudes contained within all of the six ILO categories, based on General Education and discipline-specific courses at the lower division level. In addition, these ILOs address some areas of learning that go beyond the current General Education patterns for degrees, and, therefore, all students who attend SLOCCCD will be exposed to at least one ILO as a result of their overall experiences with any aspect of the district, including courses, programs, and student services.

**Institutional Objectives:** The Institutional Objectives are the short-term, measurable planning objectives that describe more specifically the initiatives that will be undertaken to achieve the Institutional Goals. They are identified in the Strategic Plan.
**Institutional Program Planning and Review (IPPR) Committee:** The Institutional Program Planning and Review Committee is responsible for assessing and improving the IPPR process, refining and updating the IPPR Document and for offering technical assistance in completing the entire IPPR Document, including assistance with the APPW, Unit Plan and CPPR.

**Instructional Supplies:** Instructional supplies are consumable and non-consumable materials and supplies used for classroom instruction. (Examples: DVDs, test tubes, chemicals, pottery clay, drawing paper, maps, history, charts etc.)

**Instructional Technology:** Instructional Technology is used in direct connection with an instructional program. (Examples: Smart Screen, classroom computers, data projectors, clickers etc.)

**Integrated Planning Manual:** The San Luis Obispo County Community College District Integrated Planning Manual 2013 describes institutional planning in the district and the ways that the district’s constituent groups participate in and contribute to planning. This Manual is a description of planning processes as well as a commitment to implement planning processes that are linked to one another as described in the Accrediting Commission of Community and Junior Colleges standards.

**Non-Instructional Supplies:** As referred to in the Unit Plan Worksheet, this term refers to a category of expenditures for supplies and materials used in institutional support services. Non-instructional supplies include consumable and non-consumable materials and supplies not used directly for classroom instruction. (Examples: ink cartridges for office computers, paper, tablets, pens)

**Non-Instructional Technology:** As referred to in the Unit Plan Worksheet, this term refers to a category of expenditures for equipment used in district support services but not used directly for classroom instruction. (Examples: office computers, scanners, printers)

**Operational Plans:** This term refers to the following three operational plans that are short-term plans for specific support-of-learning units in the district:
- The SLOCCCD Technology Plan
- The SLOCCCD Fiscal Plan
- The SLOCCCD Enrollment Management Plan

**Persistence:** Percentage of degree and/or transfer-seeking students tracked for six years through 2011-12 who enrolled in the first three consecutive terms. This metric is considered a milestone or momentum point, research shows that students with sustained enrollment are more likely to succeed.

**Prerequisite/Co-requisite/Advisory Validations:** These terms refer to courses that either are required or recommended before enrolling in a course that is so designated.
Program Outcomes: Program Outcomes identify the measurable knowledge, skills, abilities, and attributes that should result from a program, whether academic, student service, or administrative.

Retention: Represents the ratio of Non-W grades to all grades.

Student Success Scorecard: In its commitment to increase transfer and degree and certificate attainment, the California Community Colleges Board of Governors has established a performance measurement system that tracks student success at all 112 community colleges. This scorecard represents an unprecedented level of transparency and accountability on student progress and success metrics in public higher education in the United States. The data available in this scorecard tells how well colleges are doing in remedial instruction, job training programs, retention of students and graduation and completion rates.

Student Learning Outcomes (SLOs): Student Learning Outcomes identify the knowledge, skills, abilities, and attributes that students should obtain by the end of a course, sequence of courses, program or degree.

Strategic Plan: The SLOCCCD Strategic Plan 2012-2014 is the district’s short-term plan. The Strategic Plan uses the Institutional Goals identified in the educational master plan to derive Institutional Objectives and Action Steps that describe how those Institutional Goals will be achieved.

Student Success: Represents the ratio of successful grades to all grades.

Technology Plan: The SLOCCCD Technology Plan is a five-year plan for assessing and prioritizing projected technology needs including technology support, training hardware, software, licensure, policy issues and technology infrastructure.
