  - Fill in all information requested;

  - Click "Acknowledgement";

  - Click Submit and Add Family Member;

  - Proceed with adding each family member you want on the account (include Grandma/Grandpa, any payee too) AND who you are enrolling.

*Note:* for children, please make sure the last name is correct (the system will default to your last name)

The "Emergency Contact" area is for other family members or friends you would be comfortable with receiving a call in case you are not available (*add spouses, significant others as additional family members - the emergency contact area will not add those as family members to your account*);

  - Once all family members are added click Submit;

  - Click "My Account" (*located at the top of screen*) to register. (*Your account is automatically activated*);

  - The CFK Overall will appear, click add to my cart;

  - Use pull down menu for participant (child);

  - Pick a College for Kids class in each timeframe;

  - The timeframes are separated by how long the classes are *NOTE: some classes are 1hr others are 2hrs long* for example: if you choose 8:30am Cooking class, leave 9:30am timeframe blank and continue down to the 10:30timeframe (a grid schedule is available at our website for your convenience)

  - Once the class choices are done please review with your child to ensure that you have chosen the classes of their interest to avoid changes later and the fees associated;

  - Click continue (*let the system process ...which could take up to a minute*)

  - Additional information will appear that is needed for staff and instructors These are mandatory areas even if filled out "not applicable";

  - Click continue;
