30th ANNIVERSARY CENTRAL COAST WRITERS CONFERENCE, Sept. 19-20, 2014

2014 Keynote Presenter Anne Perry/International Bestselling Historical Novelist

Anne's publishing career began with *The Cater Street Hangman*. Published in 1979, this was the first book in the series to feature the Victorian policeman Thomas Pitt and his well-born wife Charlotte. It was filmed and broadcast on ITV featuring a young Keely Hawes. This is arguably the longest sustained crime series by a living writer. *Midnight at Marble Arch* is the latest in the series, appeared in the *New York Times* Bestsellers list.

The Times selected her as one of the 20th Century's "100 Masters of Crime"

SAN LUIS OBISPO CAMPUS CLASSES

College for Kids provides an enriching opportunity during the Summer for students entering the 5th through 9th grades in the Fall of 2013. The varied curriculum is designed to meet the needs of younger students who are eager to explore subjects in a fun and educational environment.

- Students must be enrolled in consecutive classes during their time on campus. Breaks between classes are not allowed.
- Students ARE NOT SUPERVISED on campus between classes.
- Classes are not remedial in nature. Students with special needs must contact the Community Programs Coordinator before registering for classes at 546-3132.
- Classes are scheduled to allow 10 minutes travel time to the next class.
- Since rooms are scheduled throughout the campus, please check schedule for room locations. Your student may have a bit of a distance to travel between classes. Additionally, bicycles, skateboards, in-line skates, scooters, and any other human powered mechanical transportation devices are not allowed on campus in accordance with Section 2113 of the State of California vehicle Code and the policies and regulations of Cuesta College.

NEW Group Gathering & Greeting

– Included in Both Half & Full Day Options!
RM-4710, All instructors
All students and instructors gather each morning for ice breakers and team building activities. Rise and shine, wake up your mind, and get to know your fellow students.

Achieve Artistic Awesomeness

RM 4730, D Vertrees
Students will learn to enjoy art. This class offers creative expression and the projects will help develop hand-to-eye coordination. Please dress appropriately, as this class is "hands-on."

Core Computer Concepts RM 4740, A Nye
Explore the basics of digital document preparation and Internet search techniques for academic projects. Learn spreadsheets to generate eye popping charts and graphs to summarize data. Then format content to create dazzling digital presentations and written reports.

Beyond Basic Biology RM 4760, K Poland
Learn about marine animals in and out of the ocean and the skins, bones, teeth and skulls of animals that live on land. Explore Earth through rocks and minerals, look at the world of insects -- how is a spider different from a beetle and finally explore soil and the creatures that live in it.

Fun, Food, & Fitness RM 4750, J Andrews-Scott
Hands-on activities, experiments and discussion are used to educate students about healthy food choices, cultural lifestyles, and fitness. Please dress appropriately, as this class is "hands-on."

NEW Let's Love Lunch - Included in Full Day!
RM 4720, All Instructors
Work with camp instructors to prepare and eat a different lunch each day. By the end of the week there's no doubt you'll be loving lunch!

NEW Sportsmanship, Sun, & Skills - Full Day!

AQUATICS

AQUAKINETICS In the warm pool participants are led through a series of exercises designed to increase range of motion and flexibility. Moderate aerobic exercises are added to our Higher Intensity class to increase cardiovascular fitness. A great class for seniors, people recovering from injuries and/or arthritic conditions who are capable of participating in a fitness program without assistance.

AQUA AEROBICS Workout at your own pace and have fun at the same time. Option of low to high intensity aerobic exercises. A great class for adults looking to maintain or jump-start a fitness program.

AQUA POWER AEROBICS This fast paced class is designed to combine aerobic conditioning (and calorie burning) with strength training, muscular endurance and flexibility. It is not necessary to get the face or hair wet or to know how to swim to participate in this invigorating workout in the shallow end of the main pool.

DEEP WATER WORKOUT This class is a high-powered deep-water workout suitable for all ages and levels of fitness designed to challenge both the cardiovascular and muscular systems. The workouts include lap swimming, water walking, water jogging and invigorating non-impact deep-water exercises. Basic swimming skills are needed. Swim goggles are recommended. All pool equipment is provided. Class is offered in the deep end of the main pool.

PRENATAL WATER AEROBICS Prenatal Water Aerobics is designed for pre or postnatal women who want a safe and effective way to stay in shape. The class is based on the guidelines established by the American College of Obstetricians and Gynecologists. The format includes a pre-stretch, cardiovascular warm-up, aerobic segment, cool down toning and post-stretch designed to help pregnant women maintain current levels of fitness. This workout is held in the shallow end of the main pool.

** A medical release is required for participation in the Prenatal Water Aerobics class. Bring the medical release (signed by your doctor) with you on the 1st day of class. Call 546-3132 to receive packet with medical release form.

SWIM CLASS REGISTRATION: Registration for each session closes at noon on the Wednesday before the session begins so that instructors can be assigned. **Classes fill quickly;** therefore we suggest you register as early as possible, especially if you are trying to coordinate multiple children at the same time. **Minimum enrollment required** in each class and classes are subject to cancellation.

Please check the class descriptions carefully. If your child is enrolled in the wrong level, you are not guaranteed a spot in that level or the correct level-this is dependent on availability. The Aquatics Coordinator and/or Head Instructor Guard will attempt to re-schedule your child; however all other classes may already be full. Your child's class is only confirmed with the receipt in hand. Confirmation cannot be given over the telephone. Class schedule subject to change. Pool closures are possible-we do try to avoid this, but because of the tight schedule make ups are not possible. Your class fee reflects this possibility.

Online Registration www.communityprogram.net under Swim Lessons

Fax-in Registration: is accepted with Visa, MasterCard, Discover & American Express Fax to 546-3107.

Walk-In Registration: is accepted at the pool for current sessions only. However, there are no guarantees. The class you request may already be full or not available.

Phone Registration always welcomed

Baby & Me Parent/guardian accompanies child in the water and receives feedback and guidance from an instructor. Class emphasis is on fun and safety. Children ages 6 months to 4 years develop water entry, bubble blowing, front kicking, back floating, underwater exploration and more. Class ratio is 1:10.

Tiny Tot Class for children ages 3 to 4 years of age at any swimming level. Class is tailored to the needs of younger swimmers; children should be willing to participate in a group setting without parent/guardian. Fun and safety are emphasized while children are learning swimming skills. Time will be spent working on floating, kicking, arm and hand movements, and water safety. Class ratio is 1:3.

Level 1 Introduction to Water Skills Must be at least 5 years old to enroll-NO EXCEPTIONS. Class is designed for the swimmer who needs help feeling comfortable in the water. Class time is spent on submerging, floating, kicking, opening eyes and exhaling underwater, arm and hand movements, and water safety. Class ratio is 1:6.

Level 2 Fundamental Aquatic Skills Must be at least 5 years old to enroll-NO EXCEPTIONS. Class is designed to give the student success with fundamental skills. Students learn to dive from side, treading water, turning over while floating, swim on front, back and side, and water safety. Class will be held in large pool and students should feel comfortable in deep water. Class ratio is 1:7.

Level 3 Stroke Development Students should feel comfortable in deep water and the large pool. Concentration is on building confidence and the development and refinement of the front and back crawl using rotary breathing. Students will be introduced to butterfly stroke, deep water entry, and a reaching assist along with new safety skills. Prerequisite is a Level 2 card or equivalent skills. Class ratio is 1:7.

Level 4 Stroke Improvement Students must be comfortable in deep water and be able to swim the length of the large pool demonstrating front crawl with side breathing. Emphasis is placed on the refinement and endurance of skills learned in previous levels. Students will learn the breaststroke, elementary backstroke, and sidestroke kick. Students should be prepared to swim several lengths of the pool at each class meeting. Prerequisite is a Level 3 card or equivalent skills. Class ratio is 1:7.

Level 5 Stroke Refinement Concentration is placed on the coordination, refinement and endurance of previously learned strokes. In addition, various dives are introduced along with additional safety skills such as rescue breathing and survival swimming. Students in this class must be able to swim at least two continuous lengths of the pool and be prepared to swim several lengths of the pool each class meeting. Prerequisite is a Level 4 card or equivalent skills. Class ratio is 1:7.

Level 6 Swimming and Skill Proficiency Primary objective is the refinement of all strokes so students swim them with ease, efficiency, power and smoothness over greater distances. Personal water safety, lifeguard readiness, fundamentals of diving and fitness swimmer are other areas covered. Student may swim up to 20 lengths of the pool in one class meeting. Prerequisite is a Level 5 or 6 card or equivalent skills. Class ratio is 1:7.

Private & Semi-Private Swimming Lessons Give your child or yourself the opportunity to learn new skills and/or refine current skills with some special attention. Try a semi-private or private lesson. The instructor to student ratio is 1:1 for private lessons and 1:2 or 1:3 for semi-private lessons. Semi-private lesson participants must be at similar levels and register as a group. These one-week lessons are available only as staffing permits and will be determined by the Aquatics Coordinator. These lessons are 4 days only.
