

Cuesta College
Financial Aid Eligible Majors / Programs
(Degrees / Certificates)
2015-16

Per federal guidelines as found in the Federal Student Aid Handbook: a person must be enrolled as a regular student in an **eligible program** in order to receive Federal Student Aid. A regular student is someone who is enrolled in an eligible institution for the purpose of obtaining a degree or certificate offered by the school. A school must document a student's enrollment in an eligible program at the time of admission, and it must have a system to notify the financial aid office if the student leaves the program. In order to meet the minimum program eligibility standards, a program offered in semester hours must provide at least 24 semester credit hours over a minimum of 15 weeks per semester (12 or more credits per semester).
