

## 16 Week Calendar Steering Committee Notes: Agenda 17

### **Agenda #17**

Fine tune presentation slide deck  
Other discussion items

### **Meeting #16 Notes**

The schedule by unit value discussion centered on the CCCCO feedback of the 3 unit/3 day per week option. The updated Schedule by Unit Value includes both a 50/50/65 and 3 @ 50 option for discussion purposes. There was general agreement that the 5 unit/5 day per week options was okay as presented as it aligns with MWF and TR offerings.

The draft slide deck was reviewed and edits made to advance understanding the materials being shared are *drafts* and not decisions made. Jill will provide an introduction and overview at the Open Forums. Dr. Curtis and Dr. Coria will facilitate the section on the academic calendar. Dr. Kahane and Chair Clark will facilitate discussion of the scheduling grid and scheduling template. The committee was asked to attend and participate to assist in meeting logistics and answering questions.

Thanks for the productive discussion!
