## CAREER TECHNICAL EDUCATION (CTE) AT CUESTA COLLEGE

In addition to programs that prepare students for university transfer, Cuesta also offers career and technical programs designed to prepare students for immediate employment in a specific technical or vocational area. These programs range in length from one semester to several years to complete, depending on the area of study. The curriculum for these specialized programs is monitored by an advisory committee, which includes business and industry leaders, as well as Cuesta faculty and staff from the specific occupation or profession. Cuesta's programs are evaluated and reviewed on a regular basis to make certain that the curriculum is kept up to date with current industry and licensing standards, and to ensure that students are receiving the most relevant training and education available for their chosen field. Cuesta College offers Associate Degrees for Transfer, Associate Degrees, and Certificate Programs with career emphasis. Find out more at bit.ly/cuestacte.
